August 2007

Robert J. Welch

Qualifications

My dad introduced me to fishing when I was around 5 years old. After growing up enjoying the outdoors, I joined my first local fishing club and began fishing bass tournaments in the late 80's. Since then I have fished in several circuits around the central US including, Central Pro Am, B.A.S.S and the FLW Everstart series. With two daughters in college and a business to run, I have mostly stuck close to home fishing with a local club and fishing tournaments here in the state of Iowa.

My business background is in sales. I have owned my own business selling construction surveying equipment since 1995. I am very strong at promoting and selling quality products or services.

I enjoy speaking with people about the outdoors and would be a benefit to sponsor related business or service.

I look forward to working with a sponsor to promote their product/service and to grow our outdoor program
In Your Backyard Iowa.

LITTLE JIGGER--Robert Welch of Houston is kinda small for catching such big fish, but he did jigging spoons on Big John's Photo

Jackpot, Rob Welch of Winterset shows a string of bass caught on a spring fishing trip to West Lake at Decatur. The real West Lake is one of Iowa's best spots, a small lake with a lot of big bass.

**Big bass are biting,
even in high waters**
